

Project Timeline

Here's what a typical project looks like! We can tailor this to fit your unique needs.

We will shape the proposal and steps after getting to know all about your project.

Initial Consultation

We're excited to meet with you and learn all about your project! What are your hopes, concerns, and dreams for your space?

We'll review initial inspiration images, discuss timelines, and gather all the necessary details.

After our meeting, we'll send you a proposal to review and sign off on, so we can begin creating your dream space!

Design Development

With all the details you've shared, we'll present some exciting options for you to consider.

We'll go over any questions and concerns, ensuring every detail is covered.

Depending on the project's scale and complexity, this process might involve a few rounds.

Once everything is polished and perfect, we'll get your sign-off to move forward!

Documentation

We'll take all your final decisions and document them thoroughly. This can take many forms, depending on the type of project.

From construction documents ready for city submission to an Excel file with links to all your furniture selections – whatever your project requires, we'll ensure you have all the information you need.

Execution

If you choose to have us involved in your project execution, we'll ensure everything runs smoothly until completion.

Non-Renovation Projects

Depending on your preference, we can coordinate painting and other subcontractors for you. We can also handle the full installation of furniture and decoration of art, and other setup. This ensures your space is move-in ready and perfect for you.

Renovation & Construction Projects

We can recommend trusted contractors for your project, assist in reviewing pricing, and even conduct site visits during construction. This ensures the design you approved is executed perfectly.

Completion

Congratulations! Your space is complete!

Celebrate with some champagne or a beer (our personal preference).

At project completion, we'll provide any remaining documents. We'll also look to set up a time to photograph the final product.
